

AGENDA

MDS (WP8)

Tuesday, February 3, 2009
11.30 – 13.30 h
Gustav-Mahler II

Guidelines

1. *E. Hellström-Lindbergh*
New WHO classification/WPSS: implementation in the ELN diagnostic and prognostic guidelines and assessment of WHO classification through ELN (15 min.)
2. *M. Lübbert*
Integration of diagnostic guidelines in AML and MDS (5 min.)
3. *A.A. van de Loosdrecht*
Standardization of flow cytometry in MDS (10 min.)
4. *D. Bowen*
Update of the guidelines for therapeutic procedures in MDS, Webbased scenario analysis, Web-based training program using virtual patients to exercise the therapeutic guidelines and supervised by experts and European clinicians (10 min.)

New treatments/trials

5. **Inventory on new drugs/treatments for MDS patients (10 min.)**
6. *Hellström-Lindberg*
Lenalinomide of high risk MDS (5 min.)
7. *A.A. van de Loosdrecht*
HOVON89 clinical trial in low-int-1-risk MDS; a phase -2 trial using lenalidomide and/or Epo/G-CSF (5 min.)

Registry

8. *D. Bowen/T de Witte*
Progress of Low Risk MDS Registry (10 min.)
9. **Progress of Substudies of Low Risk MDS Registry (5 min.)**
- 9a *M McKenzie*
Iron pathophysiology:
- 9b *P. Fenaux*
Imaging of iron overload:
- 9c *U Germing*
Cytomorphologic sub-study
- 9d *R. Stauder*
Geriatric Assessment
- 9e *D. Bowen*
Protein Profile substudy:
10. *D. Bowen/T de Witte*
Registry for high risk MDS (5 min.)
11. *B. Deschler*
Progress of Frailty Index (10 min.)

Translational research

12. *J. Jansen*
Novel genetic lesions in MDS (10 min.)
13. *K. Mills*
COST action project (10 min.)

Finances (5 min.)

14. **Celgene grant**
15. **Extension/continuation of ELN**

Meetings (5 min.)

16. *R. Padua*
ESH-EHA Scientific Workshop on Experimental Haematopoiesis and Therapeutics 2010?
17. **MDS symposium in Patras: presentation of projects ELN MDS WP?**
